### ***Play Therapy & Your Child – Order Form***

This booklet 'Play Therapy and your Child' provides helpful and reassuring information for parents and carers if their child has been referred to a Play Therapist or if they are interested in learning more in order to make a referral themselves. The booklet is a valuable resource for practicing Play Therapists who need to explain their work to parents: both the theoretical background and the practical implications, and is designed to be offered at referral in conjunction with the children's booklet.

Frequently asked questions covered include:

- Is something troubling my child?
- What is Play Therapy?
- How can Play Therapy help my child?
- What will happen in my child's Play Therapy sessions?
- Will it be confidential?
- What can I do to help?

The 8-page booklet is attractively illustrated with both colour and black & white photographs.
